

MORNING APPEAL

TUESDAY, MARCH 20

L. P. Fisher, newspaper advertising agent, 21 Merchants' Exchange, San Francisco, is our authorized agent. This paper is kept on file in his office.

A FREE PRESS.

The Appeal honestly believes that the advent of Arthur McEwen's Letter marks a new and very desirable epoch in California journalism. For years there has been no real free press in California, and San Francisco most of all has presented to the public a grade of journalism, slavish and venal to the last degree, whose very existence was a criminal insult to the public it pretended to serve.

The public knows very little of the mysterious business partnership in big newspapers. They cannot realize when they pick up a daily journal, that oftentimes the publisher makes more out of what he don't print than what he does.

San Francisco has been under the commercial and political rule of a score of big corporations that plunder its citizens regularly, and the men who fatten off the thievery of these merciless creatures of public franchise who so systematically plunder their creators.

There ought to be a daily newspaper in this city, run by regular journalists who are not controlled by monetary considerations, fear of municipal corporations or ties of relationship.

Scores of bright writers are employed by the press of San Francisco and their cleverness used by the newspaper proprietors as a club to levy blackmail on men of wealth. A reporter is detailed to hunt up a crime and having done so and turned in his copy, thinks little more of the matter, yet he must realize that in many instances his information is used to extort money from men of wealth.

McEwen has broken loose from these humiliating environments and openly declares that he will fling his lance at corruption with his own hand and be no longer on the salary list of any newspaper but his own. He is now in the ring stripped for the fray and ready for all comers. Already his opponents are dodging the issues which he raises, and are trying to put him on trial before the public. When grave accusations are made in a newspaper the question of their truth or falsity is the only issue involved. We believe that ultimately the little weekly of McEwen's will be the foundation of a daily newspaper that will be run in the interest of the public.

ONLY TWO.

The Eastern Republicans are so strongly anti-silver that only two votes could be mustered from their ranks for even as feeble a recognition of silver as the seigniorage bill, and the chances are that one of them (Quay) would have voted against the bill if his vote would have defeated it. It is then entirely useless to give that party one single crumb of comfort in Nevada and no man who seeks an election this fall from constable to congressman should be supported by any Silver man. If a man is not brave enough to come out and declare himself on the side of the people, snow him under so deep that he will never be heard of again. The Republicans of the Western part of the State have thrown down the gauntlet. Senator Stewart has bid them defiance and sounded the slogan and the patriotic silver men of the State will follow him and wipe the earth with all the old party freebooters and camp followers in the coming election, it matters not what they are labeled, so long as they claim allegiance to either the Republican or Democratic parties.—Silver State.

Chinamen Placer Miners.

Thirty-five Chinamen came down from Carson last night in charge of Will Bliss on their way to Golconda to operate the Gold Run placer mines which are owned by Evan Williams of Empire. Mr. Bliss is the son-in-law of Senator Williams. The mines are about eight or ten miles from Golconda and are quite extensive. There is plenty of water and the property is considered very valuable. It seems wrong, however, at a time like this, when there are thousands of able bodied Americans trying in vain to get work at almost any price, to employ Chinamen.—Journal.
